Subject: Notice of File Closure, Pabco Building Products LLC, Clay Canyon Mine, S/049/0064, Utah County, Utah

Dear Mr. Hewitt:

The referenced Notice of Intention to Conduct Small Mining Operations (Notice) will now be closed and the file retired. This Notice was received April 4, 2008, but because of deficiencies enumerated in a letter dated April 24, 2008, it was never approved. The Division did not receive a reclamation surety or contract.

The site was inspected on April 17, 2013, and it was determined there had been no mining since the Notice was received though there had been historic mining in the area. This determination was based on a comparison with photos submitted with the Notice.

If you wish to conduct any future mining or exploration related activity in this area, you will need to submit a new Notice to the Division and provide reclamation surety prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact Lynn Kunzler at (801) 538-5310 or me at (801) 538-5261. Thank you for your cooperation.

Sincerely,

Paul B. Baker  
Minerals Program Manager
